OCGA eRA Help Email

- S2S Grants Help (s2sgrants@research.ucla.edu) retired
- Replaced by OCGA eRA Help (erahelp@research.ucla.edu)
- Emails sent to s2sgrants@research.ucla.edu will automatically be forwarded to erahelp@research.ucla.edu
- Please remove s2sgrants@research.ucla.edu from address books and memory in email
- Anticipated effective date: Friday, 1/15/16 late afternoon
  - ORA News will be sent when complete
OCGA eRA Help Email

OCGA eRA Help will
• Continue to support S2S Grants (Cayuse), and
• Expand support to include external application and management systems such as:

- Grants.gov
- NIH eRA Commons and ASSIST
- NSF FastLane and Research.gov
- CDMRP EBRAP
- DoE PAMS
- NASA NSPIRES
- proposalCentral
- PCORI Online System
- AHA Grants@Heart
- … many more
OCGA eRA Help Email

- Shared email
- Monitored by multiple staff
- Alleviates “out-of-office” responses
- More efficient coverage and response time
Submitting *Proposal Central* Applications to Proposal Intake

- Generic Professional Profile established in *Proposal Central* for Proposal Intake Team

- Once application is initiated in *Proposal Central*
  - Allows users to give **Administrator** Permissions to Proposal Intake Team
  - Eliminates guesswork in assigning Permissions – department only needs to assign Proposal Intake Team
Submitting *Proposal Central* Applications to Proposal Intake

- Enables Proposal Intake Team to
  - Access application and upload it into the PATS record
  - Assign further *Administrator* Permissions based on proposal review assignment(s)
- Effective Tuesday, January 19, *Administrator* Permissions must be assigned to Proposal Intake in order for proposal intake process to proceed
Submitting *Proposal Central*
Applications to Proposal Intake

When creating a new proposal
1. Enter **Title**
2. Click **Save**
Submitting *Proposal Central* Applications to Proposal Intake

- *Enable Other Users to Access this Proposal* will appear in the *Proposal Sections* navigation panel.
- Click the hyperlink to navigate to that screen.
Submitting *Proposal Central* Applications to Proposal Intake

- Scroll down to the **Proposal Access Rights** (a) and **Proposal Access User Selector** (b)

- Initiator of the proposal will automatically have “Administrator” permissions.
Submitting *Proposal Central* Applications to Proposal Intake

1. Enter `proposals@research.ucla.edu` in the User ID/E-mail text field.
2. Click Find User.
Submitting *Proposal Central* Applications to Proposal Intake

Proposal Intake, OCGA now appears with View Permissions.
Submitting *Proposal Central* Applications to Proposal Intake

1. Change **Permissions** pick-list to *Administrator*.
2. Click **Accept Changes**.
NIH eRA Commons Working Group

- Meetings held in January, May and September each year in conjunction with FDP Meetings.
- Bring together NIH eRA and policy staff and user community.
- Discuss ways to improve eRA experience for user.
NIH eRA Commons Working Group

- Mobile version of PI Status screen is now available.
  - [https://m.era.nih.gov/cmb](https://m.era.nih.gov/cmb)
  - Track and manage applications and awards on tablets and smartphones.
  - Applications are grouped based on status.
  - Expand application to view review and assignment information, NIH contacts, etc.
  - Delegation is not currently available
    … but they’re working on it!

Future Enhancements/Changes

- Adobe Forms D will be released in March.
- Redesigned SF 424 Guide will be released in conjunction with Adobe Forms D.
  - Do you like the current PDF format of the guide with multiple supplements?
  - Would you prefer HTML?
  - Both?
  - Other suggestions?
Future Enhancements/Changes

- NIH has heard the message.
  - Currently reviewing ASSIST notifications to reduce the numbers.
- Looking at Access Manager functionality as well.
  - Policy issue
  - User experience versus protecting research information
NIH eRA Commons Working Group

Future Enhancements/Changes

- Module to prepare and submit prior approvals (NCEs, changes to key personnel, significant rebudgeting, etc.) coming soon.

- Commons and ASSIST will be unavailable Saturday, January 16 from 7:00 – 9:00 PM for maintenance.

AB20
Model Agreement

Heather Winters
Assistant Director – Contracts
OCGA
heather.winters@research.ucla.edu

Miesha Bailey
Contract Officer
OCGA
mbailey@research.ucla.edu
History

• Assembly Bill 20 signed by Governor in 2009

• In January 2010, AB20 became effective

• Meetings began in January 2010 with State DGS, UC and CSU

• Meetings occurred until conclusion in 2015

• November 2, 2015 the MOU for the AB20 model agreement was executed by the three parties

• January 1, 2016 = implementation
The intent of AB20 was to eliminate the need for negotiation. Alterations are expected to be rare and only for compelling circumstances.

*note, the AB20 doesn’t apply to CIRM or CEC awards*
The Agreement Template and the University Terms & Conditions

- **Standard Form 213**: standard cover page

- **Exhibits A-A7**: the Scope of Work and attendant detail exhibits
  - *note: UCOP intends to hold webinars for Principal Investigators on completion of Exhibit A*

- **Exhibits B-B2**: the Budget and Justification

- **Exhibit C**: the university terms and conditions (UTC-116) incorporated by reference
The Agreement Template and the University Terms & Conditions

- **Exhibit D**: Additional Requirements Associated with Prime funding

- **Exhibit E**: Special Conditions for Security of Confidential Information (if applicable)

- **Exhibit F**: Access to State Facilities or Computing Systems (if applicable)

- **Exhibit G**: Negotiated Alternate Terms (if applicable)
HOWEVER........
Terms Not Included in the Model Agreement

The State and the universities were unable to reach agreement on two significant issues:

1. Establishing a State-wide indirect cost rate and base for the universities

2. Agreement on a default patent provision
Patents

- Per UC Policy, UC owns inventions made by its personnel in the performance of extramurally funded activities. Any deviation from this is an exception to policy that must be approved by UCOP.

- These will be negotiated (if necessary) on a case by case basis.
Indirect Cost

UCOP’s understanding from DGS and recommendations to campuses is:

- Rate will increase from 25% to 40% of the Modified Total Direct Costs over a 4 year period

- If the source of funding to the State agency is Federal (State is a pass-through entity) as defined in 2 CFR 200.93 and 2 CFR 200.74, then the full federally negotiated rate shall be requested
Indirect Cost

• In its first year, the rate has a core component of 25% of the MTDC for administrative costs and no facilities cost

• Starting on July 1, 2017 the facilities costs increase by 5% until the rate reaches 40% MTDC

• Multi-year projects will maintain the same rate through the term of the contract and is based on submission date, not project start date

NEW SCHEDULE for 2016!

Wednesday
9:30-11:00 am
11000 Kinross Avenue, Suite 210
Filling out the EPASS: What is it, when is it required and how to complete

Wednesday, January 27, 2016
Kinross, Suite 210
9:30-11:00 am

This session will address the background and purpose of the EPASS. We will review and discuss each section of the EPASS with specific examples of questions from users. This session is appropriate for anyone with responsibility for reviewing or processing EPASS forms.

Follow us on Twitter: @UCLAoocga
This session will identify the elements which distinguish a grant from a contract and provide an overview of basic contractual components as it relates to sponsored project activities. Attendees will learn the differences between cost-reimbursable and fixed price agreements and be provided information relating to proposal development (cost proposals, bids, etc.), contractual obligations (FAR clauses, certifications, restrictions, etc.) and monitoring/management of contracts (reporting requirements, restrictions, etc.).
This session will discuss OCGA's process of Outgoing Subawards. Will address definitions, including distinguishing between a subrecipient and a contractor. Included will be a review of the updated outgoing subaward forms. This session is appropriate for anyone with responsibility for issuing outgoing subawards.
NIH Subaccount Transition Update

January 14, 2016

Maurice Taylor
EFM – Cash Management Team
Agenda

• Overview transition process
• Non-SNAP updates
• Reminders
• New Update NIH Transition to Sub-accounting
SNAP and Non-SNAP Process

- SNAP & Non-SNAP carry a distinct closeout processes for the transition

  - SNAP awards will require an interim financial report to close out the Pooled portion, and assist in the transition to Sub Account portion based on closed G/L.

  - Non-SNAP awards will require a COP from dept. to assist EFM in
    - filing the interim financial report, and
    - processing final draw under the pooled account.

  - Departments will receive a new fund number in advance for the remaining performance period.
What we’ve done

• In December we distributed notices to departments affected by the transition.

• The notification listed all Non-SNAP funds and the expected issuance date of the advanced and effective date of the new fund.
Advance Fund Numbers issued
Non-SNAP Awards

• Since our announcement departments who received advanced funds to date:
  – Molecular, Cell & Developmental Biology 1
  – Pathology 1
  – Pediatrics-Neonatology 1
  – Neurology 2
  – Molecular, Cell & Developmental Biology 2

This is done to allow advance set-up of activity for a smooth transition.
Non-SNAP Awards

• Reminder

  • Please submit all Closeout Packets (COP) for the transition on time so that we may file the Transition Final Financial Report (TFFR) on time to NIH

  • EFM Cash Management will also be able to make the final reimbursement claim (Drawdown) on time for a full and complete closeout of the “pool account”

• SNAP awards do not require a COP. The TFFR will be closed based off the close general ledger for the final month
Supplement Funding:

- NIH NOT-OD-16-028

  - This notice addresses guidance for supplements received during the transition from Pooled account to Sub-account on or after October 1, 2015.

  - Supplemental Funding will be issued under the “sub-account” not the “pool account” even if attached to the parent award issued under the “pool” method

NIH Update

- Non-SNAP fund, ORA-ORDM will assign a new fund number with a designated account & cost center to record the supplemental expenditures.

- Upon receipt of the NOA (continuation), ORA-ORDM will update PATS. Campus departments must record expenditures as usual to the general ledger on the non-supplement account.

- SNAP awards will be managed using the same fund number and a separate account cost center to record supplemental expenses.
Effort Reporting

• Certification Deadline is 3 weeks away

• Spring and Summer 2015 Quarters

• Deadline is February 5, 2016

• Please login and certify all reports requiring certification
