OPRS Quality Improvement Program

Judith L. Brookshire, Director
Human Research Protection Program

- Quality Improvement Program (QIP)
  - On-site review of human research studies
  - Research participant’s experience report
  - Review and assessment of HRPP operations and procedures
  - Evaluation of IRB member and IRB staff performance
HRPP QIP Coordination

- Coordinates Activities with other Quality Assurance/Improvement Units on Campus

  - UCLA School of Medicine Quality Assurance Program
  - UCLA Office of Compliance and Privacy
  - Jonsson Comprehensive Cancer Center Internal Quality Assurance Program
  - Department of Medicine Clinical Trials Compliance Office
  - GCRC Office of Research Participant Advocacy
On-Site Review of Human Research Studies

- **QI On-Site Routine (not for cause) Review**
  - PI’s understanding and compliance with regulations and policies
  - Effectiveness of resources
  - Identification of current trends in practice
  - HRPP educational program

- **QI On-Site Directed (for cause) Review**
  - Determinations necessary to protect subjects
  - HRPP educational program

- **QI Reports to the IRB**
  - Determinations to correct deficiencies
  - HRPP educational programs
Post-Approval Reporting (PAR)

- New Guidance and Procedures
  - Consolidates previous policies addressing biomedical adverse event reporting, violations and incidents
  - More definitive submission criteria for reporting adverse events, violations and incidents
  - New reporting requirement of updated study safety information
HRPP Collaborative Institutional Training Initiative (CITI)

- Nationally recognized
- Online web based training program
- Education modules and quizzes relevant to research and discipline
- Replaces current online training and certification requirements
- April 1, 2009 implementation
- September 1, 2009 all key research personnel must complete
- HRPP/OPRS training and education
Animal Research Oversight
Quality Improvement Program (QIP)

- ARC/DLAM Educational Meetings
  - Review ARC policies and DLAM procedures
  - Increased communication
  - Decrease in number of serious noncompliance

- ARC QIP Site Visits
  - Post approval onsite (not for cause) review of animal research protocols and facilities
  - Assure that experiments conducted in the lab match those described in the approved protocol
  - Identify/Correct “protocol drift”
  - Reports may go to the ARC if deficiencies are found
  - QIP Site Visits do not replace semiannual facility inspections
ARC Collaborative Institutional Training Initiative (CITI)

- Online web based ARC General Certification course and quiz
- Replaces current didactic ARC General Certification requirement
- April 1, 2009 implementation
  - By September 1, 2009, all personnel listed on protocols must be recertified if more than 3 years, and
  - September 1, 2009 all previously exempted personnel must be certified
- ARC/OPRS training and education
OPRS Office Hours at Outreach Campus Locations

- **MIRB**: Mondays, noon to 4PM: Center for Health Sciences (CHS) Building, Room 14-214K. (contact Michele Carter, mcarter@oprs.ucla.edu)
- **ARC**: Fridays, 10:00am to noon: Center for Health Sciences (CHS) Conference Room B3-143. (contact Kathy Wadsworth, kwads@oprs.ucla.edu)
- **GIRB**: To be announced (contact Alison Orkin, aorkin@oprs.ucla.edu)
OPRS Human Research Protection Program: Improvements Plan Rollout

Sharon K. Friend, MS, CIP
OPRS Operations Director
Why Now and How?

- As a result of faculty input
- In preparation for WebIRB
- As part of accreditation requirements
- Roll out in three phases
- Over next four to six weeks
- Feedback welcome
Phase I

- Improved OPRS Human Research website
- Updated policies and guidance posted
- Revised Exempt Certification Forms
- Revised social/behavioral consent templates
- PI Self Certification Form for Non-Human Subject Research Determination
- Revised post approval reporting forms and decision trees: adverse events, violations and incidents, other updated safety information
Phase II

- Elimination of the requirement for IRB “administrative” approvals for:
  - grants with indefinite plans for the use of human subjects at the time of grant award (e.g., training grants) and
  - for grants with multiple protocols that each have their own IRB approval (e.g., program projects or center grants)
Phase II (continued)

- Revised Continuing Review form
- New Application for Studies Involving No Subject Contact
- Dedicated IRB staff for expedited processing of studies that qualify for expedited review
- Surveys posted for Researchers and Research Participants to elicit feedback
Phase III

- Revised **HS-1, divided into two versions**
  - Social Behavioral/Health Services
  - Biomedical

- Application Supplements

- 34 more translations of Bill of Rights

- Posting of IRB approval packets on the Office of Research portal
ORA Online Resource Center Update

March 2009 RAF
Jackson Jeng, ORIS

March 19, 2009
Background and Purpose

- Official launch communicated via July 30th memo from VC for Research, Dr. Roberto Peccei
- Web-based portal for UCLA’s research community, accessible on and off-campus via any web browser at [http://portal.research.ucla.edu](http://portal.research.ucla.edu)
- Single sign-on enabled, which means a separate user name and password are not required. However, some reports/tools are secured and require users to log in.
- Provide faculty, administrators and staff with a single point of access to both existing and new research-related information and resources
- Create a simple, seamless user experience for all research administration online tools
- Enhance overall communication between campus and central administration
Portal Usage Statistics – Visitors/Month

From June 2008 – February 2009

- Average: 1,026 visitors per month
Portal Usage Statistics – Top Content

The following Portal reports/tools are most frequently viewed:

- Award Statistics Reports
- Fund Expiration Report
- IRB Protocol Review Status
- Overdue Financial Status Reports
In the Pipeline

Several new reports are currently under development and coming soon:

- **Award Statistics by Sponsor (ORA)** – View and search for award statistics by sponsor type and name
- **ERS Certification Rates Report (EFM)** – Monitor certification completion rates, report counts and statuses by organizational hierarchy
- **Invoices Due Report (EFM)** – View Overdue, Completed and Upcoming Invoices due and their statuses; similar to existing FSR Due report
- **Online Award Documents (OCGA)** – Sponsor award documents will be scanned and viewable online via the Award Status & Synopsis Report
- **Online IRB Approval Documents (OPRS)** – IRB approval notices will be scanned and viewable online via the IRB Protocol Review Status Report
Contact Us

- Email portal@research.ucla.edu with:
  - Access requests (*except for the FSR Due report)
  - Support issues
  - Questions
  - Bug/error reports
  - Suggestions for enhancements

- We welcome your feedback and suggestions for improving the Portal.

UCLA Office of Clinical Trials: Organization Chart

Industry Clinical Trials Contracting

**Scope:** CDAs, CTAs, and related amendments and subcontracts for industry-sponsored clinical trials (direct & through non-profits).

Industry Clinical Trials Pre-Award Facilitation Services & Training

**Scope:** Multiple roles including but not limited to: Budgeting and guidance for other requirements related to the pre-award process for industry-sponsored clinical trials, training on clinical research conduct standards (GCPs), and serving as functional experts and trainers on the new CTMS.

Pre-Award Regulatory/IRB Submission Services & WIRB Coordination

**Scope:** Fee-based assistance with preparation of IRB and other UCLA regulatory applications for any research requiring an IRB submission regardless of sponsorship. Central coordination for use of the outside IRB (WIRB) for Phase III & IV industry sponsored drug trials only.

Clinical Research Study Coordinator Pool Services

**Scope:** Fee-based temporary clinical research nurse and study coordinator staffing for clinical research studies regardless of sponsorship.

Clinical Research QA Review & Training Program

**Scope:** Preventative, educational oriented QA review program focused on high risk clinical trials involving human subjects (regardless of sponsorship). GCP SOPs development and study coordinator-focused training programs.
UCLA Office of Clinical Trials: Key Responsibilities

- Contracting (limited to industry funded clinical trials, no federal grants)
- Budgeting (and Device trial matters)
- Facilitation-oriented services:
  - Protocol feasibility
  - Pre-award process navigation help
- Training
  - Formal classes & ad hoc
  - Study coordinator mentoring
- Support services
  - Study coordinator pool
  - Regulatory submissions assistance
- Outside IRB pilot program (WIRB)
- Quality Review Program (Friendly, educational reviews focused on GCPs)

Subject to change – check OCT website often: www.clinicaltrials.ucla.edu
SOM Dean’s Clinical Trials Quality Review Program

- Designed as a friendly, educational oriented review program, rather than a monitoring, compliance audit, or for-cause audit program

- Limited to clinical research not covered by another QA or QI program (i.e., will not duplicate cancer center & GCRC QA program efforts)

- Spans all categories of sponsorship (e.g. NIH, industry, non-profit, internally funded)

- Focuses on “higher risk” studies

- Covers key areas of study conduct, primarily:
  - High level ICF process
  - Protocol compliance
  - Regulatory documentation
    Covers all clinical research regardless of sponsor

- Report findings and recommendations are approved by the School of Medicine Clinical Research QA Committee and sent to PI and Dept. Chair and now also to the IRB

- When significant findings arise that require reporting to the IRB or an actual audit or for-cause investigation, these are to be referred to the IRB, the Committee, the Compliance office, or others appropriate to determine what further action is required

Recovery Act Basic Funding

- NIH: $10.4 Billion
- NSF: $3.0 Billion
- DOE, Office of Science: $1.6 Billion
- ARPA-E: $400 Million
- NASA: $550 Million
- DOD, Energy-Related R&D: $200 Million
- NIST: $180 Million
- PLUS – Additional funds for the IGs and GAO
ORA is Preparing by:

- Adding temporary staff
- Preparing computer workstations
- Helpline
- Posting these slides
- Setting up a FAQ, as well as important ARRA links on OCGA’s web site.
Federal agencies must launch ARRA website by March 20, 2009
First big deadline is the NIH Challenge grant- due April 27, 2009
Federal agencies must post their spending plan by May 1, 2009
Federal agencies must have disbursed their funds by September 30, 2010
UCLA expects a surge in research activity as well as...

- Construction grants
- Equipment grants
- Community policing grants
- Many areas on campus will be involved
- All Federal agencies involved
- May have flow down funds through State and local governments and other non-profit entities
We suggest that you establish internal deadlines in your department

Please notify OCGA of pending proposals as soon as possible to enable us to marshal appropriate staffing resources
Concerns with Grants.gov

- OMB memo of March 9 regarding Grants.gov and other critical systems
- Federal funding agencies advised to examine alternatives
- Department of Energy has suspended use of Grants.gov for submissions (eff. 3/12/09)
- FastLane available for NSF
- NSPIRES available for NASA
S2S-Cayuse

- Strongly encourage submission of proposals through S2S-Cayuse if it supports the agency to whom you are applying
  - Real-time error checking
  - Ability to generate hard copy or electronic copy (PDF) for alternate transmission to sponsor
  - Give faster submission and receipt of proposal
S2S-Cayuse

- Establish “placeholder” in S2S Grants
- At minimum, include:
  - Proposal name (using proper convention)
  - PI name and Deadline date

Naming Convention:
FML: Bruin, J; RFA-OD-09-003; Sample for RAF

FML = initials of grant analyst or DRA
Bruin, J = PI last name, first initial
RFA-OD-09-003 = funding opportunity number (FOA)
Sample for RAF = descriptive information for preparer/PI
S2S-Cayuse

- Additional hands-on training
  - Wednesday, April 1, 2009
  - 8:30 a.m. – 12:30 a.m.
  - CLICC classroom
  - Seating limited

- Drop-in open house sessions

- Watch ORA List-serv for announcements
First Big Deadline is for NIH Challenge Grants
Deadline: Monday, April 27th

May submit as early as March 30th
Friday March 27 is UCLA’s Observance of Caesar Chavez Day
(State observance is March 30th)
NIH Challenge Grants

- Complete proposal packages must be in OCGA no later than 8:00 am on Tuesday April 21st (5 working days before the deadline to ensure submission)
NIH Challenge Grants

- Complete proposal package includes:
  - signed goldenrod
  - ready-to-submit proposal
  - 740 if required
  - PI exception letter if needed
  - a signed PI statement
  - complete subaward proposal
**NIH Challenge Grants**

- **Budget Preparation**
  - Requires a detailed budget
  - F & A waivers not generally considered
  - Foreign Subawards – not more than 10% or up to $25,000 in aggregate may be budgeted
NIH Challenge Grants

- Outgoing subawards may not provide “quick-start activities”
- RC1 awards count as substantial funding for New Investigator/ESI eligibility
- Additional support staff may be justified due to complexity of reporting and administrative requirements

Looking Forward...

- All contracts will be awarded as fixed price
- More deadlines throughout the year
- Some other agencies have deadlines posted- many will by March 20th
- Currently Dept of Energy has an 4-27 deadline as does EPA
- Some NASA programs are starting to post
More Information

- Check the OCGA website for more information - we will share as it becomes known
Post Award

EFM is Preparing by:

- Setting up Recovery Act Indicator
- Template development which includes ARRA specific Terms and Conditions
- Cross training iPAS staff on eRAS processing
  - eRAS processing requires a backup fund number
  - Delays caused by:
    - Lack of Account or Cost Center (CC)
    - Account not linked to the Cost Center
Award Processing

- Recovery Act Awards will have priority status in processing – still requires overnight to obtain fund number
- Very Important to provide complete information on the Goldenrod – this will help avoid delays
Post Award Requirements

- Reporting details and mechanism are still being developed by government agencies
- Due dates: Not later than 10 days after the end of each calendar quarter – starts with the quarter ending 6/30/09 and reporting by 7/10/09.
- Quarterly financial reports will have to be ledger based to meet the 10 day reporting deadline
Requirements, continued

- Monthly monitoring and review of expenditures and progress is critical to successful compliance

- Departmental / PI Responsibility Reporting Requirements
  - Description of the project or activity
  - Evaluation of the completion status of the project or activity
  - Estimate of the number of jobs created and the number of jobs retained
Requirements, continued

- Detailed information on any sub-awards made by the grant recipient to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282)

  - Specific Instructions for reporting, including required formats, and mechanisms will be provided in subsequent guidance
Other Terms and Conditions

- Buy American
- Wage Rate Requirements – Prevailing rates based on Secretary of Labor
- Preference for Quick Start Activities (ARRA) – recipients shall give preference to activities that can be started and completed expeditiously, including a goal of using at least 50% of the funds for activities that can be initiated not later than 120 days after the date of the enactment of ARRA. Maximize job creation and economic benefit.
